## **K-12 Cyber Learning Academy - Secondary**

- Students follow their respective school's bell schedule.
- Due to the subject matter certification of secondary teachers and the specialized nature of a number of courses, the design of who taught a course accounted for multiple contingencies (In-Person, Hybrid, Remote, Cyber Learning Academy); secondary students will be assigned to their teacher, as if they were in the brick and mortar school. The added benefit of secondary students having their teacher is it allows us the capacity to adjust between modes of instruction should circumstances change and allows the students to remain with their original teacher.

# Mt. Lebanon School District

## **K-12 Remote Instruction**

- Fully online/remote teaching and learning
- Instruction supplemented with online tools
- Students remain with their assigned teacher and classmates
- Teacher led learning and instruction

## Fully Remote vs Cyber Learning Academy

- **Elementary**
  - CLA and Remote similar synchronous instruction
  - Encores and supports may differ in CLA
- **Secondary**
  - More synchronous instruction in Remote versus CLA
- **If we start back in Remote Instruction, the Cyber Learning Academy is on HOLD**
