A. Financial Items

(1) Treasurer’s Report – The treasurer’s report reflects cash transactions for the month of June, 2013. All transactions are typical of this time of year. The Superintendent recommends approval of the report.

(2) Monthly List of Bills – The monthly list of bills reflects checks authorized to be drawn between July 1 and July 10, 2013. All transactions are typical of this time of year and are recommended for approval by the Superintendent.

(3) Ratification of June 30 List of Bills – The June 30 list of bills was approved in June and is presented for ratification this month. The list is typical for this time of year and is recommended for approval by the Superintendent.

(4) List of District Bank Accounts – The list of District bank accounts must be approved annually. The only new account this year is the Capital Campaign Account. The Superintendent recommends approval of this list.

(5) Sale of Unusable Equipment List – The list of unusable equipment reflects some cabinets, calculators, math textbooks, and a truck. The Superintendent recommends approval of the list for sale.

(6) Tax Refunds – The list of tax refunds totals $2,896.94 for five properties. The list has been reviewed by the solicitor’s office which recommends its approval. The Superintendent recommends approval of this list.

Financial Reports: RESOLVED, That the Board approves, ratifies and accepts the following financial reports:

b. List of Bills dated July 10, 2013

c. June 30, 2013, List of Bills,
d. List of District Bank Accounts dated July 2, 2013
e. Sale of Unusable Equipment List dated July 1, 2013, and
f. List of Tax Refunds dated June 30, 2013

(7) Publication of Listing of Liened Taxes – Annually, the Board approves the publication of all properties on which taxes for the prior year have not yet been paid. This list is provided by the Tax Office and is recommended for public view. The Superintendent recommends approval of this action.

List of Liened Taxes: RESOLVED, That the Board approves for public display the list of liened taxes for the 2012 tax year.

(8) Filing of Liened Taxes on Properties with Assessments over $4,000 – As the Board reviews the list of taxes for the prior year which are unpaid and ready to be liened, there are always a grouping of small strips of land where property owners are not able to be identified or reached for payment of taxes. The cost to lien these small strips of land is not likely to be recovered. Annually the Board considers not liening these properties which have taxes of about $100 or less. The delinquencies remain on the property so future buyers will have to satisfy these outstanding costs to get clear title to the property. All other properties with outstanding taxes due are recommended to be liened. The Superintendent recommends approval of this action.
Filing of Liens on Properties with Assessments over $4,000: RESOLVED, That the Board authorizes the Tax Collector to remove all delinquent properties with assessments of $4,000 or less from the properties to be liened for the 2012 tax year and approves the filing of liens on all remaining properties.

(9) Tax Office Audits – Annually, the Tax Office records are audited by a CPA firm and such audits are provided to the District for review and acceptance. Both the Real Estate Tax Office and Earned Income Tax Office audits were given clean audit opinions with no findings. Note that these audits are calendar year audits for 2012. The Superintendent recommends Board acceptance of both audits.

B. Personnel Items

(1) Personnel Report – Enclosed is the Personnel Report dated July 11, 2013, detailing personnel appointments, changes of assignments, leaves of absence, resignations, retirements, and teachers to tenure to be considered by the Board. The Superintendent recommends approval of this list.

Monthly Personnel Report: RESOLVED, That the Board approves the July 11, 2013, list of personnel changes.

C. Other Items

(1) Second Bond Issue for High School Project – The High School Renovation Project Budget totals $109,650,000 of which only $75,000,000 has been funded through the initial 2009 Bond Issue. With the pace of the project, the balance of funding must now be considered. There is $1.7 million in a Capital Fund for asbestos removal which should be dedicated to this project since that was what the funding was originally dedicated towards. Utilizing these funds leaves a gap of $32,950,000 which can be funded by a new bond issue. The size of that bond issue could be reduced if the Board desires by using some of the funds either in the General Capital Projects account or by excess funds not utilized for operations in the General Fund from 2011, 2012 and estimated from 2013. The Superintendent recommends the Board discuss the size of the bond issue borrowing and authorize Janney Capital Markets and Houston Harbaugh to proceed towards bond issuance over the next month. The Board will have to take action to approve the sale of the Bonds either at the August Board meeting or at some later date if market conditions indicate that waiting would be in the best interest of the District.

General Obligation Bonds for High School Renovation Project: RESOLVED, That the Board authorizes Tim Frenz of Janney Capital Markets and Jim Webster of Houston Harbaugh to begin preparation of financial documents and legal opinions to issue General Obligation Bonds to complete funding of the High School Renovation Project.
